FOR A CHINESE SCHOOL.

Funds Are Asked to Finish the Building Under Construction.

An appeal has been issued by Chinese merchants and residents for funds to complete a building for use as a school for the comprehensive education of their children in English. From August to December last pledges were secured for the work and a building in Kamakela was begun.

The plague interrupted the construction.

NOTICE.

To Our English-Speaking Friends:

The Chinese merchants and residents of the Hawalian Islands, represented by the undersigned, being desirous of providing for their sons a thorough and comprehensive education in English, raised in pledges, from August to December, sufficient funds to justify them in undertaking to erect commodious buildings for this purpose in Kamakela. The contract was let and the main building partially completed, when the plague broke out and interrupted the work. As you well know, our countrymen have been the greatest sufferers from this epidemic and the fires connected with it. Consequently, those who generously subscribed toward the school enterprise, being called upon to donate large sums for the relief of their fellow-countrymen who have suffered severely from the fire, find themselves unable to fulfill their pledges at present. The main building is now on the point of completion, and the contractor,
